

"This Love Will Last" Lyrics

*Written by Marcy Each, Branden Collins, William Smith,
and Jennie Lee Riddle*

Verse 1

I remember when you called my name

I stood to meet you / I was so afraid

But you didn't give up / and you wouldn't go away

I knew you'd cost me everything

Pre

But I believed that what you said was true

So with all my heart / I followed you

Chorus

You took me higher / you taught me right

You told me always / enjoy this life

You showed me beauty / you helped me laugh

You told me always / this love will last

Verse 2

There's been many a trial / and many a storm

You'd think I'd be so tired and worn

But your joy has been my daily bread

I've been content / where I've been led

Bridge

**I've been able to drink from the streams on the mountains
high**

**And I've been able to see the brightest stars in the valley's
night**
